Dear Shareholder

Proposed additional investment in SatoshiPay and issue of Seller Warrants

Proposed Placing to raise £650,000

Proposed issue of Director Warrants

and notice of General Meeting

1. Introduction

The Company announced on 4 July 2017, that it intended to increase its holding in SatoshiPay, a nanopayment software and blockchain company, to approximately 31.1 percent through the acquisition of the SatoshiPay Sale Shares. The total consideration for the Acquisition is €725,220 (approximately £640,790) payable in cash to Seedcoin, the existing holder of the SatoshiPay Sale Shares. Coinsilium Ltd will also be granted the Seller Warrants of which 42.5 million are exercisable at a price of 0.6 pence per share and 42.5 million are exercisable at a price of 0.8 pence share. The Company also announced that it has conditionally raised £650,000 through the proposed issue of 325,000,000 Placing Shares at a price of 0.20 pence per Ordinary Share which will be used to satisfy the Consideration.

The issue of the Placing Shares and the Seller Warrants is conditional on Shareholders approving certain resolutions at the forthcoming General Meeting (notice of which is included in this Document) which will provide the Company with sufficient authorities to be able to issue the Placing Shares (and the Seller Warrant Shares to the extent that the Seller Warrants are exercised) in order that the Company can complete the Acquisition.

In addition to the above, the Directors also propose to grant the CEO of the Company, Anthony Fabrizi, warrants over 25 million Ordinary Shares, exercisable at a price of 0.25 pence per Ordinary Share. The grant of these warrants is conditional on the Resolutions being passed as set out in the notice of General Meeting. Further detail on the Director Warrants is included in paragraph 6 below.

2. Background and terms of the additional investment in SatoshiPay and the Seller Warrants

The Company currently has a 19.01% shareholding in SatoshiPay following an initial subscription for 1,886 SatoshiPay Shares at a price of €340 per SatoshiPay Share in January 2017 and the acquisition of 1,471 SatoshiPay Shares, also at a price of €340 per SatoshiPay Share, which completed in March 2017. Further details on SatoshiPay are set out below. Following completion of a fundraise by SatoshiPay of approximately €1.0 million in aggregate in March 2017, SatoshiPay, had a post-new money valuation of approximately €6 million.

The Directors believe that whilst SatoshiPay is still at a relatively early stage of development, it is making good progress regarding commercialisation of its payment platform and that the proposed further investment in SatoshiPay, at similar consideration levels to Blue Star's investment in SatoshiPay to date (excluding the Seller Warrants), offers an excellent opportunity for the Company to increase its shareholding in SatoshiPay with the aim of creating future value for Shareholders. Accordingly, the

Company has entered into the SPA with Coinsilium's wholly owned subsidiary, Seedcoin, whereby it has agreed to purchase the SatoshiPay Sale Shares for a total consideration of €725,220 (approximately £640,790), equivalent to a price of €340 per SatoshiPay Sale Share.

The SPA is conditional upon, amongst other things:

- the passing of the Resolutions as set out in the notice of General Meeting;
- approval by the existing shareholders of SatoshiPay of the Acquisition; and
- Admission.

Subject to, *inter alia*, the Resolutions being passed at the forthcoming General Meeting, Blue Star will purchase the SatoshiPay Sale Shares resulting in Blue Star's total holding in SatoshiPay increasing to 5,295 SatoshiPay Shares with Blue Star's interest in SatoshiPay therefore increasing from 19.01 per cent. to 31.1 per cent.

Seller Warrants

Conditional on Completion, the Company will grant the Seller Warrants to Coinsilium Ltd. The Seller Warrants are exercisable for a period of 3 years from Completion.

Warrants over 42.5 million new Ordinary Shares are exercisable at a price of 0.6 per Ordinary Share, representing a premium of 200% in comparison to the Placing Price with the warrants over the remaining 42.5 million new Ordinary Shares being exercisable at a price of 0.8 per Ordinary Share.

3. About SatoshiPay

SatoshiPay is developing a two-way payment platform, which enables online content providers to monetise their digital content through the acceptance of nanopayments. Using the SatoshiPay platform, online media companies are able to process nanopayments of 5 pence or less with minimal transaction fees. SatoshiPay technology can also process payments greater than 5 pence, but the company believes the real technical innovation is in relation to nanopayments, in some cases being less than 1 pence.

SatoshiPay believe its technology, which is based on blockchain, will provide a direct alternative to paywalls and subscriptions, currently adopted by some media companies, and should instead enable users to pay for consumption on a per article, per song or per download basis; or for content to be consumed and paid for on an incremental basis (payment per paragraph or minute of audio or video content). SatoshiPay works without software download or sign-up for the user (save for creation/top up of an online wallet). Payments are instant and the user's wallet balance is available on each website that integrates the SatoshiPay software.

In February 2016, SatoshiPay released a beta version of its product, which integrates with WordPress, the world's most popular web publishing platform. SatoshiPay introduced its first Application Programming Interface (API) in mid 2016, potentially extending the company's reach to all websites, internet applications (including mobile apps) and internet connected software.

In July 2016, SatoshiPay announced a collaboration with Visa Europe's innovation department relating to a proof of concept project to develop the capability to deliver a trusted top-up service to a digital wallet, using just a Visa card. Following successful conclusion of this project, SatoshiPay's primary focus is to make its website "widget" more appealing and compatible to the mass markets by adding payment methods like credit cards for topping up credit without the need for website users to hold Bitcoins. In May 2017, SatoshiPay announced that it had launched PayPal support allowing top-ups of its SatoshiPay online wallet via PayPal. Although SatoshiPay's PayPal top-up service is currently in the beta stage of testing, the Directors believe this is an important development milestone and will allow PayPal users to pay for web content wherever SatoshiPay's login-less payment widget is used. This means there will no longer be the requirement for SatoshiPay users to use cryptocurrencies, instead they can simply use their PayPal account to utilise the nano payment benefits SatoshiPay offers. Furthermore, it is anticipated that publishers of online products, such as blogs, will be able to monetise their following with far greater ease.

SatoshiPay has also recently added more features to its WordPress plug-in to support audio/video and file downloads, allowing consumers to pay small amounts for increments of content like an online news article or an individual image and is in discussions with various online content publishers.

SatoshiPay made an unaudited loss of approximately €210,000 in 2016. SatoshiPay has no significant capitalised costs and cash of approximately €0.77 million. Further details regarding SatoshiPay are available at its website www.satoshipay.io

4. Update on Blue Star

In addition to Blue Star's holding in SatoshiPay, Blue Star is continuing to work with its other portfolio companies to enhance their value. Sthaler, is an early stage identity and payments technology business which enables a consumer to identify themselves and pay using just their finger at retail points of sale, and has commenced small-scale trials of its technology in a commercial payment setting. Sthaler recently raised £3 million at a pre-new money valuation of £20 million, representing a significant uplift to the post-new money value of Sthaler of approximately £9.4 million in January 2017 when Sthaler last raised capital. The Company has to date invested £50,000 in Sthaler. This latest round of investment in Sthaler values the Company's stake of 1 per cent. at £227,000.

The Directors maintain their belief that Sthaler has the potential to become a very large business in the area of payments, loyalty and data. Blue Star's largest investee company, Disruptive Tech Limited ("DTL"), is working closely with VNU Group LLC ("VNU"), a speciality online direct retailer of premium goods paid for through an instant credit facility. VNU continues to demonstrate strong growth characteristics and the Directors continue to believe that significant value can be created from DTL's stake in VNU.

5. Placing

The Company has conditionally placed 325,000,000 Placing Shares at a price of 0.20 pence per share raising gross proceeds of £0.65 million.

Completion of the Placing is conditional on, *inter alia*, the passing of the Resolutions at the General Meeting, completion of the Acquisition and Admission.

Subject to these conditions being met, application will be made for the Placing Shares to be admitted to trading on AIM. Subject to completion of the Placing it is anticipated that Admission will occur at 8.00 a.m. on or around 24 July 2017. The Placing Shares will be credited as fully paid and rank *pari passu* with the existing Ordinary Shares. Following Admission, the Company's enlarged issued share capital will comprise 1,702,900,313 Ordinary Shares. The Company holds zero shares in treasury.

6. Director Warrants

The Directors propose to grant the Company's CEO, Anthony Fabrizi, warrants over 25 million Ordinary Shares, exercisable at a price of 0.25 pence per Ordinary Share, representing a premium of 25% to the Placing Price. The Director Warrants are exercisable for a period of 3 years from the date of grant.

The Directors have historically drawn relatively low fees in relation to the Company with the CEO receiving director fees of £30,000 in the year ended 30 September 2016. Additionally, the Directors do not currently have any option scheme or warrants issued to them. Therefore, the Directors believe that the Director Warrants will help to align the Director's interests with those of Shareholders.

The grant of the Director Warrants constitutes a related party transaction under the AIM Rules. The independent Director, having consulted with Cairn Financial Advisers LLP as the Company's Nominated Adviser, considers the terms of this transaction to be fair and reasonable in so far as Shareholders are concerned.

7. General Meeting

You will find set out at the end of this Document a notice convening the General Meeting to be held at the offices of Cairn Financial Advisers LLP at Cheyne House, Crown Court, 62-63 Cheapside, London EC2V 6AX on 21 July 2017 at 11.30 a.m..

The Resolutions to be proposed at the General Meeting are as follows:

Resolution 1: will be proposed as an ordinary resolution to authorise the Directors to: allot the Placing Shares; to grant the right to subscribe for the Seller Warrant Shares and the Director Warrant Shares and to allot further Ordinary Shares up to a maximum nominal amount of £500,000.

Resolution 2: will be proposed as a special resolution and is conditional upon the passing of Resolution 1 and seeks to empower the Directors to dis-apply statutory pre-emption rights to allot the Placing Shares, the Seller Warrants, the Director Warrants and further Ordinary Shares up to a maximum nominal amount of £500,000. This authority shall expire at the conclusion of the next annual general meeting.

8. Action to be taken by Shareholders

You can use your vote in respect of your shareholding by attending the General Meeting or by appointing a proxy to attend the meeting and vote on your behalf.

A proxy may be appointed by either:

- returning the accompanying Form of Proxy in the post; or

In each case the notice of appointment of your proxy should reach (whether by post or by CREST) our registrar, Capita Asset Services, by no later than 11.30 a.m. on 19 July 2017. Please refer to the notes in the notice of General Meeting and the accompanying Form of Proxy for detailed instructions.

9. Recommendation

The board of Directors considers that the Resolutions are in the best interests of the Company and its Shareholders as a whole. Accordingly, your Directors unanimously recommend that Shareholders vote in favour of all Resolutions, as they intend to do in respect of their own shareholdings.

Yours faithfully

Tony Fabrizi
Chief Executive Officer

Notes:

1. Pursuant to Regulation 41 of the CREST Regulations, only those members registered on the Company's register of members at close of business on 19 July 2017 or, in the event that the meeting is adjourned, in the register of members 48 hours before the time of the adjourned meeting, shall be entitled to attend or vote at the meeting in respect of the number of shares registered in their name at the time. Changes to entries in the register of members after close of business on 19 July 2017 or, in the event that the meeting is adjourned, after 48 hours before the time of any adjourned meeting shall be disregarded in determining the rights of any person to attend or vote at a meeting.
2. A member is entitled to appoint one or more persons as proxies to exercise all of any or all of his rights to attend, speak and vote at the meeting. A proxy need not be a member of the Company. A member may appoint more than one proxy in relation to the meeting provided that each proxy is appointed to exercise rights attached to a different share or shares held by him. To appoint more than one proxy you may photocopy the proxy form. Please indicate the proxy holder's name and the number of shares in relation to which they are authorised to act as your proxy (which, in aggregate, should not exceed the number of shares held by you). Failure to specify the number of shares each proxy appointment relates to or specifying a number of shares in excess of those held by the member may result in the proxy appointment being invalid. You can only appoint a proxy using the procedures set out in these notes and the notes to the proxy form. Appointment of a proxy does not preclude a member from attending the meeting and voting in person.
3. A form of proxy is enclosed. To be valid, it must be completed, signed and sent to the offices of the Company's registrars being Capita Asset Services, PXS1, 34 Beckenham Road, Beckenham, Kent BR3 4ZF so as to arrive no later than 11.30 a.m. on 19 July 2017 or, in the event that the meeting is adjourned, by no later than 48 hours before the time of any adjourned meeting.
4. CREST members who wish to appoint a proxy or proxies by utilising the CREST electronic proxy appointment service may do so by using the procedures described in the CREST Manual (available from <https://www.euroclear.com/site/public/EUI>).

CREST Personal Members or other CREST sponsored members, and those CREST members who have appointed a voting service provider(s), should refer to their CREST sponsor or voting service provider(s), who will be able to take the appropriate action on their behalf.

In order for a proxy appointment or instruction made by means of CREST to be valid, the appropriate CREST message ("a **CREST Proxy Instruction**") must be properly authenticated in accordance with Euroclear UK & Ireland Limited's ("EUI") specifications and must contain the information required for such instructions, as described in the CREST Manual. The message, regardless of whether it relates to the appointment of a proxy or to an amendment to the instruction given to a previously appointed proxy must, in order to be valid, be transmitted so as to be received by Capita Asset Services (ID RA10) by no later than 11.30 a.m. on 19 July 2017. No such message received through the CREST network after this time will be accepted. For this purpose, the time of receipt will be taken to be the time (as determined by the time stamp applied to the message by the CREST Applications Host) from which Capita Asset Services is able to retrieve the message by enquiry to CREST in the manner prescribed by CREST. After this time, any change in instructions to proxies appointed through CREST should be communicated to the appointee through other means.

CREST members and, where applicable, their CREST sponsors or voting service provider(s) should note that EUI does not make available special procedures in CREST for any particular messages. Normal system timings and limitations will therefore apply in relation to the input of CREST Proxy Instructions. It is the responsibility of the CREST member concerned to take (or, if the CREST member is a CREST personal member or sponsored member or has appointed a voting service provider(s), to procure that his CREST

sponsor or voting service provider(s) take(s)) such action as shall be necessary to ensure that a message is transmitted by means of the CREST system by any particular time. In this connection, CREST members and, where applicable, their CREST sponsors or voting service providers are referred, in particular, to those sections of the CREST Manual concerning practical limitations of the CREST system and timings.

The Company may treat as invalid a CREST Proxy Instruction in the circumstances set out in Regulation 35(5)(a) of the Uncertificated Securities Regulations 2001.

5. To change your proxy instructions simply submit a new proxy appointment using the methods set out above. Note that the cut-off time for receipt of proxy appointments (see above) also apply in relation to amended instructions; any amended proxy appointment received after the relevant cut-off time will be disregarded.

Where you have appointed a proxy using the hard-copy proxy form and would like to change the instructions using another hard-copy proxy form, please contact Capita Asset Services by telephone on 0871 664 0300 calls cost 12p per minute plus your phone company's access charge. If you are outside the United Kingdom, please call +44371 664 0300. Calls outside the United Kingdom will be charged at the applicable international rate. Lines are open between 9.00am – 5.30pm, Monday to Friday excluding public holidays in England and Wales.

If you submit more than one valid proxy appointment, the appointment received last before the latest time for the receipt of proxies will take precedence.

6. In order to revoke a proxy instruction you will need to inform the Company using one of the following methods:

By sending a signed hard copy notice clearly stating your intention to revoke your proxy appointment to Capita Asset Services, PXS1, 34 Beckenham Road, Beckenham, Kent BR3 4ZF. In the case of a member which is a company, the revocation notice must be executed under its common seal or the hand of its duly authorised agent or officer. In the case of an individual, the proxy must be signed by the appointor or his attorney, duly authorised in writing. Any power of attorney or any other authority under which the revocation notice is signed (or a duly certified copy of such power or authority) must be included with the revocation notice.

In either case, the revocation notice must be received by Capita Asset Services so as to arrive no later than 11.30 a.m. on 19 July 2017 or, in the event that the meeting is adjourned, by no later than 48 hours before the time of any adjourned meeting.

If you attempt to revoke your proxy appointment but the revocation is received after the time specified then, subject to the paragraph directly below, your proxy appointment will remain valid.

Appointment of a proxy does not preclude you from attending the meeting and voting in person. If you have appointed a proxy and attend the meeting in person, your proxy appointment will automatically be terminated.
